

The Hua Hin Hobby Cooking Members

Do you like to cook ?

Is cooking your hobby ? Is cooking your passion ?

Come and join us in our new Hua Hin Hobby Cooking Members group

Hobby cooking

I think that having a hobby is an important thing in our life. At the moment we have a lot of hobbies which are very modern and popular. For example gardening, photography, reading, collecting marks or doing videos. It seems to me that a hobby is one of the greatest things in people's life, often a hobby becomes a passion.

Cooking is one of the most interesting and useful hobbies you can have because not only can you eat well, it can also help to keep you and your friends and loved ones fit and healthy. For those of you who are thinking about starting a new hobby, I truly recommend taking that jump into learn all that you can about cooking your own meals.

My hobby is cooking. I love to cook and experiment with some products. It's very funny and exciting. In my opinion, a lot of people like cooking but a little people do it as a hobby, because you must have a talent. Another advantage of cooking is that you must not do everything that is written in cookery books. On the other hand, cooking is a very good hobby, because you use a lot of qualified products and there are no chemicals

There are many retired people in Hua Hin and they have plenty of free time. My idea was to gather people with the same passion of cooking regularly. As there are many nationalities it will be very exciting to discover new food cultures and to share recipes. A cooking club is also a social event : cooking to together is fun and is an opportunity to make new friends.

- The cooking club is once a month.
- Each one of the members in the club has a chance to host the group in his or her home and make dinner for them.
- Meals are homemade and the host is ready to provide the recipes.
- All costs of the meal will be shared by the members.
- Average cost per meal should be between 400 and 500 bath per person for a 3-course meal (starter, main dish, dessert)

- Cooking can be done by one member or teams of 2. In case of 2 members cooking for the same session, each of these members have to host a dinner at their home.
- Members take their own drinks. The host member provides a large coolbox and water (natural and soda) free. The host member will take care of a welcome drink (aperitif) with some snacks.
- A group consists of maximum 6 members. Members come without their partners, only the host's partner can participate.
If there are more than 6 members a new group will be started up. During the first cooking session a calendar will be drawn up with all the cooking sessions of the group (who cooks when)
- Members who cannot participate at a cooking session should inform the host latest 3 days before the cooking date.
- After the dinner there will be a technical discussion about the meal.
- The purpose is to have groups as multicultural as possible. Each group should consist of a mix of different nationalities.

In a second stage, when there are sufficient members, we can rent the kitchen of a restaurant and prepare the meals in team.

You do not need to be a chef in order to join the group. Whatever your level of cooking is, most important is that you like cooking, that you are open for new ideas and that you are prepared to participate regularly at our cooking sessions.

You can join our club or get more information by phone, number 09 8356 2290 (Robert or June) or by sending an e-mail to sikkens2011@gmail.com

Any suggestions are welcome. The Hua Hin Hobby Cooking Members group is solely a leisure multicultural activity and is not a cooking school, neither a commercial entity. Membership is free.
